Summary

Full-stack Web Developer pursuing B.Tech in Computer Science Engineering with strong expertise in MERN, Laravel, Django, PHP, and WordPress. Experienced in building scalable, high-performance systems for 500+ concurrent users. Skilled in API development, responsive UI, database design, and cloud deployment. Focused on clean architecture, maintainability, and delivering production-ready applications.

Education

B.Tech in Computer Science Engineering, ITM GIDA Gorakhpur
Intermediate & High School, Saraswati Shishu Mandir Inter College

Skills

Languages: PHP, Python, JavaScript, HTML, CSS, C++, C, SQL

Frameworks & Stacks: MERN, Laravel, Django, WordPress

Tools & Technologies: Node.js, React, Git, GitHub, MongoDB, MySQL, VS Code, REST APIs

Core Competencies: Full-stack Development, API Design, System Optimization, Responsive UI, Deployment, Version Control

Experience

Web Developer Intern, Medical Book

- Developed modules for doctor-patient management using PHP and optimized backend logic.
- Improved performance, reducing page latency by 30%.
- Delivered production-ready features with clean, maintainable code.

Web Developer, My Branding Hub

- Designed and maintained 5+ full-stack client websites, covering development to deployment.
- Enhanced UI/UX and optimized workflows, resulting in a 25% increase in user engagement.

Projects

- **The Shades Store – MERN E-commerce Platform:** Built product management, cart, secure checkout, and admin workflows with a fully responsive design.
- **NeuroSpeak – AI Interview Analyzer:** Built an AI-powered assessment system handling 1K+ interactions with real-time communication analytics.
- **Medical Book Application:** Developed PHP-based patient and doctor management modules improving operational efficiency by 35%.
- **Money Cats:** Created a scalable React UI serving 500+ active users with optimized component rendering.
- **IoT Parking Management System:** Implemented ultrasonic-sensor-based smart parking for 50+ spaces, cutting manual tracking time by 60%.
- **CampusHub:** Built a student management portal including files, forums, and contest submissions.
- **openPHP:** Developed a lightweight PHP framework for modular and rapid development.
- **phpCommerce:** Built an e-commerce backend framework enabling fast API and dashboard integration.

Achievements

- NCC 'B' Certificate Holder.
- Smart India Hackathon Finalist (Top 1% National Level).
- Completed multiple internships with consistent on-time project delivery.
